Products

SOLID CAST DOORS and FRAMES.

KALAMEIN DOORS, TRIM, PARTITIONS and ELEVATOR ENCLOSURES.

HOLLOW DOORS, TRIM, PARTITIONS and ELEVATOR ENCLOSURES.

EXTRUDED DOORS and ENTRANCES.

Also makers of Door Bars, Pulls, Push and Pull Plates, Kick Plates, Thresholds and Sills, of Brass, Bronze, Aluminum, etc.

Note: We do not make steel doors.

For Ornamental Brass and Bronze Work, see pages A873-875.

For Windows, double-hung and casement types, see pages A1506-1515.

For Storefronts, see pages C3320-3333.

For Grilles, see pages D4942-4945.

Facilities

Plant contains 226,000 sq. ft. of space, is devoted exclusively to ornamental metal work, and employs 400 craftsmen. Door Department second to none, and we are prepared to execute contracts for all varieties of doors and entrances, as listed above.

Construction

Newman Bronze Doors are of the construction termed standard, except that the materials in some instances are extra heavy. All cast bronze work is regulation U. S. Government Standard moulded in French sand, bound and baked.

Please write for complete specifications, giving opening sizes if you wish suggestions and estimates of cost. If desired, we will gladly design special doors and entrances, or send full size blueprints of the sections shown herein, and also details of bronze jamps.
